

DISTRICT GOVERNOR  
2026-2027

Lion Danielle Hamelin  
Didsbury Lions Club

Danielle Hamelin is a dedicated community leader, and a proud member of the Didsbury Lions Club. She brings curiosity, empathy, and a collaborative spirit to every role she serves. Danielle is committed to the importance of increased service, strengthening our visibility in our communities, leading by example, and leveraging the influence of Lions to be leaders of change. She strives for continuous growth and believes learning has no age limit. She has a Bachelor of Arts degree in English Literature from the University of New Brunswick, and a Human Resources Management certificate from the University of Calgary.

Danielle possesses extensive experience through various roles at both the Club and District levels and is honoured to be recognized as a Melvin Jones and Progressive Melvin Jones Fellow. A most rewarding experience was her direct involvement and participation in the GMA pilot project led by PIP Dr. Patti Hill in 2020-2021. That experience provided insight into the GMA process and just how beneficial it can be.

Danielle resides in Kneehill County with her husband, Carey—also a Didsbury Lion—where they operate a bed and breakfast from their home. She is deeply proud to be a Lion and is committed to welcoming new members, strengthening clubs, supporting emerging leaders, and fostering unity and teamwork across the district. She believes that when we work together with purpose, empathy, and respect, our service becomes stronger, more meaningful, and more impactful than anything we could achieve alone.

“Service Through Unity” is not just a motto — it is a movement.
